#### **BIO ENGLISH**

Superferric is the name of the project behind which we find the Argentinean Fernando Amaya and the Catalan Xavi Altés.

Only a few months after they met in Barcelona they already have elaborated a solid, forceful live act composed by deep minimal techno with some strong melodic touches and remarkable bass lines with progressive cadence. Their live act has been presented in some of the most important clubs in the city and has been very well received by the audience, colleagues and critics.

In their first reference (Gin Toxic Ep - Inout Records 018) they have been remixed by Liquid Agents and Paul Synth, and among their next releases we must point out a remix for Liquid Agents on Inout Records and another one for Maniatica on Hypnotic Creations, besides their next EP on Inout Records that is going to see the light during the next summer.

#### **BIO ESPAÑOL**

Superferric es el nombre del proyecto tras el que se encuentran el argentino Fernando Amaya y el catalán Xavi Altés.

Tan sólo unos meses después de conocerse en Barcelona han elaborado un sólido live act compuesto de minimal tech profundo con toques de deep marcadamente melódico y destacables líneas de bajo de cadencia progresiva. Ya se han presentado en sociedad actuando en los clubs más representativos de la ciudad, y han tenido muy buena acogida por parte de público, crítica y de la propia escena.

En su primera referencia (Gin Toxic Ep - Inout Records 018) han sido remixados por Liquid Agents y Paul Synth, y de entre sus próximos trabajos hay que destacar un remix para Liquid Agents en Inout Records y otro para Maniatica en Hypnotic Creations, además de su próximo Ep en Inout Records que verá la luz durante el próximo verano.
